

# FRC-200S-1

## Steel Milling Machine

- **3 times faster than a grinder to flatten weld seam**
- **Preserve the working surface**
- **Comfortable and easy to handle**

The new FRC-200S-1 replaces any angle grinder by doing the job 3 times faster with precision. The user can, in one operation, remove the excess material with less fatigue. FRC-200S-1 is the best solution to provide perfect finishing, increase the productivity, release operator from long grinding/polishing jobs.

# FRC-200S-1 Steel Milling Machine

## Productivity:

- Cleans and removes weld seams up to 3 times faster than typical grinding.
- Can cut up to 3mm welding seam.

## Clean work:

- Roller guides ensure that only the seam is removed.
- Cutting depth setup with large button and scale for precise work.

## Easy:

- Large handles for controlled movement of the tool. Natural handling position even while working on the floor.

FRC-200S-1

## Durability:

- High strength cutting tool adapted to steel weld seams
